Thanks for the clarification on Upper Animas...

I always hope the State spends funds they have in hand if possible. Chat with Cinna about available balances.

If we have to create a new TA activity, so be it.

Russ – The \$200K request for Upper Animas is in addition to the \$200K contained in the \$310 approved need discussed at the last budget meeting. You are correct in that we are no longer allocating any pipeline funding to Gold King at this time.

Hi Bill, Joe and Roger,

I have some questions on this funding request...

Nonresponsive

5. Upper Animas – Please confirm that this \$200K need is in addition to the already approved \$200K

a. The budget sheet shows an approved need of \$310K (\$200K upper Animas and \$110K Gold King)

i. I presume the \$110K Gold King need is no longer needed at this time)

Nonresponsive

All,

Attached is a pdf with the remedial program's decisions on site funding for the remaining \$1.044M Pipeline AOA. Please let your staff know and ensure that pr's are prepared. We will need to do the exceptions form for each of these as the funding deadline was 8/7. These projects total \$1.0M so there's still \$44K balance.

Bill
